

A Good Place to Work

First Financial offers a challenging work environment where you can feel like you make a difference to our members and the Credit Union.

Plus, you'll have easy access to all levels of management, and we are continuously working on developing a culture of accountability, ownership, and collaboration where employees have the opportunity to expand their knowledge, advance and to build a career here if they want to.

Our commitment to our employees:

- Identify your training needs
- Strive to promote from within
- Give the opportunity to participate on task forces and projects
- Develop team building skills
- Provide the opportunity to train, coach, and mentor others
- Opportunity for personalized employee development
- Opportunity to work in different departments

We support education for existing employees: in-house training, webinars, and tuition reimbursement program.

We are a technology driven workplace with great benefit programs: including Medical, Dental, Rx, Vision, Life Insurance, LTD, 401K, and Pension Plans.

Employees who are members of the Credit Union receive additional benefits. They understand the value of membership and can share the value of the experience of being a member with others.
